Round 9 – Brands Hatch: 28 - 29 September 2024

Bulletin 7: Driver Briefing Notes

9. Leaving Garages/Pit Lane location:

- GT3 will be given permission to leave their location in the Pit Lane first to queue in the Fast Lane before the start Free Practice, Pre-Qualifying and Warm Up, but only after a signal is given from Race Control by means of a radio message or a message on the timing screen.
- A second signal will be given to GT4 cars enabling them to leave the Pit Lane very shortly after.
- Anyone moving before the signals, will be investigated.
- Prior to the start of any session cars must be released nose out 45 degrees towards the pit exit.
- Skates are permitted to position the car correctly at the start of any session.
- During all sessions cars must be parked parallel in the pit lane.
- If a car is unable to enter their box parallel, the safe use of skates is acceptable, the car may safely approach their box at an acute angle to the working line and skate the rear into the parallel position.
- Cars may be released from 45 degrees towards the pit exit or from parallel before each category's second Qualifying session.
- Between Q1 and Q2, Q3 and Q4 skates may be used.
- Skates are not permitted at the end of each categories Qualifying sessions – end of Q2 (GT3) and end of Q4 (GT4), skates are not permitted when the cars are under parc ferme.
- No unsafe releases or overtaking in the pit lane during any session – offences will be penalised.
- Cars may only leave/move once "Pit Stop work" is fully completed and they are ready to re-join.
- The safe release of cars to the fast lane may involve skating the car to an acute angle in order to clear any occupied pit box in front, all team members must be behind the working line prior to the release of the car to the fast lane.
- Cars must proceed directly into the Fast Lane only when it is safe to be released.
- Any car stopping after leaving its location or proceeding at an unsuitable pace in the Fast Lane (except for force majeure), will be investigated. Unsuitable pace is considered less than 30kph and being used to pad out your pit stop time.
- Refuelling is only permitted during warm up and Race. Fuel rig checks will be made on Sunday morning. Refuelling of the rig with dump churns must be carried out with equipment as specified in Motorsport UK Q12.25
- Draining fuel during Free Practice, Pre-Qualifying and Qualifying is not allowed.
- After taking the chequered flag in Free Practice, Pre-Qualifying, Warm Up and at the end of the Race, all cars must exit the circuit at T4 - **DO NOT COMPLETE A FULL GP LAP.**

- On Sunday when pit lane opens, cars may proceed to the grid – **DO NOT COMPLETE A FULL GP LAP.**

10. Track Limits:

- A report of track limit breach may be made by a judge of fact when any part of the contact patch of a tyre has clearly run beyond the edge of the painted kerb. (Q 12.21.2b)
- Track Limits will be monitored around the track, with particular focus at Turn 1, 2, 3 using automatic cameras and sensors.
- Track Limits: 3 warnings, 4th infringement = black and white flag, 5th infringement will result in a drive through penalty for the car, for the total duration of the race, no reset on the hour.
- **Free Practice:** repeat offenders may receive a black flag, both drivers report to race control.
- **Pre-Qualifying:** any lap time set with Track Limit infringements will be removed, but the lap will be counted.
- **Qualifying:** any lap time set with Track Limit infringements will be removed, but the lap will count as a Qualifying Lap.
- **Race:** Track Limit infringements will be issued to Team Managers via the radio and/or screen.
- After a fourth infringement, a car will receive a Black and White Flag. After a fifth infringement, a car will receive a Drive Through Penalty – Team Manager will be requested to see the race director to confirm penalty.

- At the end of the formation lap all cars must be lined up tightly grouped for the rolling start.
- Cars must stop weaving by Turn 7 and be lined up two by two by Turn 8.
- Cars must remain in two lines passing above the boxes.
- When the leading car (safety car) pulls off into the pit lane, the pole position car must gradually increase speed to a maximum 110kph.
- Race starts when the lights go OUT (GT3 & GT4) any cars not in line over the boxes will be investigated and risk a drive through penalty.

15. Pit Stops/Working Line:

- The working line is defined as the white line in front of the garages.
- The working lane is defined as being from the white line to the first white (hatched line). The white hatched area is out of bounds.
- Any team member stepping over the line will be considered active during the pit stops.
- Only the car controller can be out before the car arrives in the Pit Lane.
- Cars may only leave the fast lane to move into their own working area a maximum of three pit garages / working areas before their own.
- Only once the car is stopped can Team members/Driver step over the line, not before.
- Maximum 4 mechanics and a car controller are authorized Pit Lane side when not refuelling. Any additional personnel standing over the line will be deemed to be working and included in that number.
- Tyres to stay behind the line until the car is stationary.
- All refuelling equipment must be cleared away before the tyres are brought over the line.
- Filler and vent man to stay behind the line until the car has stopped.

2024 British GT Championship

Round 9 – Brands Hatch: 28 - 29 September 2024

Bulletin 7: Driver Briefing Notes

- No laying of tyres etc during refuelling.
- Extinguisher must have unimpeded access to the car at all times during your pit stop.
- Refueller and extinguisher must go behind the line once refuelling is completed.
- For cars which have the vent valve and the refuelling valve on opposite sides of the car, once the refuelling task is finished the vent controller will not be considered as one of the permitted four working mechanics. Tyre changes may start as the vent person is returning to cross the line. The vent person cannot stand and hold the vent over the car
- Cars must proceed directly to the fast lane only when it is safe to be released.
- Check Event Bulletin 1 regarding pit stop times.
- A maximum of two armbands may be worn at any time.
- Each Competitor must ensure that its mechanics and Car Controller wear flame-resistant overalls, long underwear including balaclava, gloves, socks and shoes and suitable helmets while they are working on the pit lane. Flame-resistant shoes are mandatory for all those in the working lane, including those involved in refuelling (both by refuelling rig and by dump churn). Eye protection in the form of visors or safety glasses is highly recommended for all personnel in the working lane, and mandatory for those wearing armbands.
- Note that standard prescription glasses are not generally considered to be safety glasses in the context of this article, unless specifically using strengthened glass and with additional side protection. Visors or safety goggles should normally be worn over standard prescription glasses. It is important that mechanics wearing safety glasses do not have unused goggles or visors on their helmet

16. Circuit light panels and in car marshalling system

- All cars must have in car marshalling display system installed.
- The event is being run with the light panels as the primary signalling system, supported by marshals flags and in car marshalling display system.

17. Full Course Yellow

- In accordance with the Article 46.4 of the 2024 British GT Championship Regulations, the FCY procedure is detailed in Event Bulletin 6.

18. Safety Car:

- Safety Car procedure based on ISC Appendix H. When the order is given to deploy the Safety Car, all marshal posts will display yellow signals and SC boards.
- The yellow lights on circuit will be switched on. (In car signalling display will also illuminate safety car)
- The Safety Car will be released after Turn 3 and endeavour to pick up the Race leader.
- Cars must form up behind the Safety Car, as quickly and safely as possible, with no more than five lengths separating them.
- Overtaking is forbidden unless a car is signalled to do so from the Safety Car by means of a hand signal from the Safety Car observer, signalling that they should pass.
- When the Safety Car is in operation, cars may enter the Pit Lane but may only re-join the track when the green light at the end of the Pit Lane is on. It will be on at all times except when the Safety Car and the last car in the line of cars following it are about to pass the pit exit.
- When the Safety Car is called in, it will turn off the lights after T7 to signal that it will enter the Pits at the end of this lap. (In car signalling display will signal green)
- The Safety Car lights will not be turned off (signifying the end of the SC procedure) until after T7 – in the event that the safety car lights appear to be extinguished prior to this location, cars are required to remain within the SC procedure regulations until confirmation that safety car is “in this lap” is confirmed on the radio and or timing screen messages.
- When it enters the Pits, the first car in line will dictate the pace until it crosses the line.

2024 British GT Championship

Round 9 – Brands Hatch: 28 - 29 September 2024

Bulletin 7: Driver Briefing Notes

- Yellow signals and SC boards will be replaced with Green signals until the last car crosses the control line.
- Cars may not overtake until they pass the control line.
- If during a safety car period a car is released from a pit stop early and is below the mandatory minimum pit stop time, any gain in advantage as a result of exiting the pit lane will be taken into account prior to confirming the penalty to be served.
- In particular, should any such short pit stop, or other pit lane infringement, bring the car out ahead of the safety car, when without the infraction the car would have exited the pit lane at the end of the line of cars behind the safety car, then a stop and go penalty will be calculated in order to negate any advantage gained in terms of track position.

19. Maximum Drive Time:

- In relation to article 20.4 of the 2024 Sporting Regulations, should a Driver exceed the maximum driving time of 70 minutes due to the fact that a FCY or SC procedure began when they were on their final lap, no further action will be taken.

20. Parc Ferme:

- **AFTER QUALIFYING:** Selected cars will be directed to go to BGT Tech Bay at pit entry scrutineering parc ferme area (send 2 mechanics for assistance) all other cars back to Garages under parc ferme conditions.
- **AFTER RACE:** Podium cars, Champion cars and other selected cars will be directed to go to BGT Tech Bay at pit entry scrutineering parc ferme area (send 2 mechanics for assistance)
- **PARC FERME ETIQUETTE:** TEAM PERSONNEL MUST BE AVAILABLE, BUT NO ACCESS FOR TEAMS TO THIS AREA UNLESS REQUESTED BY AN OFFICIAL – ALL DRIVERS VACATING THE CARS FOR THE PODIUM MUST DO SO QUICKLY.
