PIT LANE SAFETY & PROCEDURES

- 1) **SAFETY @ PIT EXIT:**
 - At all times, the red/green/blue lights at the pit exit must be respected.
 - Access the track only when the pit exit light is green.
 - You must stay right of the white blend line when entering the track from the pit exit.
- 2) **PIT LANE SPEED:**
 - Maximum speed in the pit lane is 60 Km/h. The 60km/h must be respected from the speed restriction boards at Pit-In until reaching Pit-Out at the speed restriction ends board.
- 3) **SAFETY @ PIT ENTRY:**
 - Entrance is RHS after T9.
- 4) **PENALTY BOX:**
 - The PENALTY BOX is on RHS in front of the Race Control towards Pit Out.
- 5) **PIT STOP SAFETY:**
 - No car may stop in either the Fast (outside) or Blend (middle) lane, only on the Inner (Working) lane.
 - No pit stop can take place side-by-side with another competing car.
 - Cars in the Fast Lane have priority over those joining from the Inner Lane, who must not unnecessarily impede cars already in the Fast Lane.
 - Cars in the Fast Lane must not be overtaken except in exceptional circumstances.
- 6) **TECHNICAL FLAG:**
 - Will be shown from the Race Director Signalling, RHS at Finish (Control) Line.

DRIVING STANDARDS, INCIDENT PROCEDURES & TRACK LIMITS

- 7) Drivers must respect all other drivers across all classes. Please ensure you read the [Masters Code of Conduct](#).
- 8) Blue flag: a faster car is behind. Slower cars, when being overtaken should keep to the usual racing line. Sudden changes of direction can lead to hazardous situations and accidents.
- 9) Single waved yellow flag: hazard beside or partially on track - reduce speed - DO NOT OVERTAKE.
- 10) Double waved yellow flag: hazard wholly or partially blocking track and/or marshals on the track or trackside - significantly reduce speed - DO NOT OVERTAKE.
- 11) Red flag: cease racing - reduce your speed immediately - DO NOT OVERTAKE.
Qualifying: Return to pit lane | **Race:** Return to the pit lane. No work can take place on the cars on the grid unless it is on the grounds of safety and approved by a Masters Scrutineer.
In YELLOW and RED flag situations, the onus is on the driver to prove he has slowed.
- 12) **If you have a problem on track and stop, it is especially important that you signal to the marshals that you are OK. A 'thumbs up' will be the OK that is understood.**
- 13) Drivers must use the track at all times (REFER to Art 10.4 - 2024 Technical and Sporting Regulations). Should a car leave the track for any reason, the driver may re-join. However, this may only be done when it is safe to do so and without gaining any

advantage. A driver should give back the whole of any advantage gained by leaving the track.

- 14) If you enter the gravel/run-off area and need mechanical assistance to remove your car, you may not re-join the session.
- 15) Drivers exceeding track limits – whether gaining an advantage or not – may receive time penalties (REFER to Art 9.6 - 2024 Technical and Sporting Regulations).
- 16) **CIRCUIT SPECIFIC INFO:** Track limits are automatically monitored at the exits of T1, T2 & T3.

START OF QUALIFYING PRACTICE and RACES

- 17) **QUALIFYING PRACTICE & RACES:** Please listen for announcements over the paddock PA system and be ready in the Assembly Area in good time. Cars and drivers are required in the Assembly Area 20 minutes before the session is due to commence. The Assembly Area is at the far end of the GP Paddock accessed through the tunnel. Cars will be released into the pit lane, where all sessions commence.

END OF SESSIONS PROCEDURES & CLASSIFICATION

- 18) **QUALIFYING PRACTICE & RACES:** Slow down progressively and enter the pit lane by pulling off the circuit on RHS at T4 (MP9) Cars for the Podiums will be stopped at the end of the Pit Lane under the Podium for the Podium Ceremonies. All other cars will proceed down the pit lane and enter Parc Ferme, which will be in the Outer Paddock Scrutineering Bay.
- 19) **PODIUMS:** the drivers of the top 3 in both the Over 2-litre and Under 2-litre Classes are kindly requested to stop underneath the Podium, located at the end of the pit lane, for the ceremonies which will take place as soon as practical after the race.

RACE STARTS: 2 x 2 Rolling

- 20) Please listen for announcements over the paddock PA system and be ready in the Assembly Area in good time.
- 21) Cars and drivers are required in the Assembly Area 20 minutes prior to the race.
- 22) Marshals will line up cars in grid order in the Assembly Area.
- 23) Cars will be released directly to the grid.
- 24) The Official Car (a grey BMW i4) will be in position in front of the grid; Pole Position is right hand side.
- 25) Once all cars are in position the countdown will commence with the showing of the 1-minute board followed by the “15 SECONDS” board, then the green flag indicating the start of formation/rolling lap.
- 26) The Safety Car acting as the Official Car will begin the rolling lap; maintain position and distance from the Official Car.
- 27) If the formation is maintained, the Official Car will turn off its lights approaching T8 and return to the pit lane.
- 28) Head towards the Start line maintaining speed, formation, and position.
- 29) Start of race will be signalled by red lights out from the gantry above the pit wall on the right - **cars may accelerate as soon as the start signal is given but may not overtake, nor break formation until they have crossed the Start Line.**
