## Extrication Exercises

An extrication exercise was carried out by the crew of the BARC Rescue Unit using Car 27 (British GT) at 08:00 on Saturday 8 April. This was a rapid extrication.

An extrication exercise was carried out by the crew of the MSVR Rescue Unit using Car 43 (GB3) at 08:15 on Saturday 8 April. The driver was removed from the car in the removable seat.

Both exercises were satisfactory.
