<b>Pit Lane Speed Limit</b>	60KPH

### Event Final Instructions, Season, and Event Drivers Briefing Notes

It your responsibility to have read and comply with them. I don't intend to cover all of them here but do want to cover some specifics for the pickup trucks at this meeting.

### Official Notice Board

The official notice board is online at: <https://www.msvr.co.uk/car/events/2024/june/bh-09>

### Assembly Area

The Assembly Area is located at the far end of the Inner Paddock, accessed via the vehicle tunnel. You need to be in the Assembly Area 20mins before the start of your session.

### Start Procedure

As per the Championship Regulations 3.6

The location at which overtaking is permitted is: **The Start / Finish Line**.

### End of Qualifying and Races

Complete a lap of the circuit, having taken the chequered flag and **enter the Pit Lane**. Follow the directions of the marshals and proceed to the Outer Paddock Parc Ferme area.

At the end of each race the first three trucks will stop by race control (parking one behind the other) for presentation of awards.

All trucks remain under Parc Ferme conditions from the chequered flag until released by Chris Baker.

### Driving and General Conduct

All incidents reported to Race Control will be investigated. Competitors are reminded that they have acknowledged they will abide by the Motorsport UK Respect Code – see

<https://www.motorsportuk.org/racewithrespect/>

### Light Panels

Brand Hatch is fitted with Light Panels as per the image below. The Light Panels have priority over flags.

## EM MOTORSPORTS TRACK LIGHTS SYSTEM INSTALLATION DRAWING

These will be the primary means of communication as per the Season Briefing notes.

### Special Notes:

- Competitors should note that the use of 2 wheeled vehicles including electric scooters is prohibited in all areas of the venue.
- Entrants, Teams, and Competitors must ensure that all vehicles are used in accordance with manufactures instructions and under no circumstances should anyone be allowed to ride or hang on to buggies, roll bars, side pods etc.
- Paddock vehicles with a capacity under 125cc may be driven by a holder of a full UK provisional or equivalent, driving license.
- Paddock vehicles with a capacity over 125cc must be driven by a holder of a full UK, or equivalent, driving license. (BARC Standing Regulations, Section 12).

### Any Questions?

Have an enjoyable meeting.
