CIRCUITO DE NAVARRA THE MAIN CIRCUIT **CIRCUIT LAYOUT** Original circuit

The Navarra circuit is qualified to hold international, national and regional races, along with a range of other activities. The racetrack has been designed to create distinct sensations for drivers to feature a combination of fast, slow and more technical stretches. 2024 saw major improvements to the circuit layout itself, which was carried out in two phases, plus substantial resurfacing work along with elevation changes to remove the bumps, runoff upgrades and a general advancement of the venue's safety features.

Phase 1 - Completed April 2024.

Resurfacing, bump removal and T6 realignment

Phase 2 - Completed September 2024.

650m extension with all-new T11, T12 and T13
