Reviewed contact between cars 74 and 85 at the end of the straight. Reviewed in car footage which showed that 74 made a late attempt to overtake after carrying more speed down the straight. Contact was made marginally after 85 braked for corner and the gap was closing. Contact caused both cars to enter gravel trap, although 85 continued and 74 did not. On the balance of probabilities i could not determine that either driver was predominately responsible for the contact.

You are reminded of your right of appeal. Any penalties applied will be recorded by Motorsport UK in accordance with Motorsport UK Regulation C 2.1.4
