In recent weeks various sporting events have been targeted by protest groups. There are potentially lethal consequences from entering a live motor racing circuit, so we urge everyone on site to be vigilant this weekend.

In addition to event stewards, security and race marshals, and all their communications and surveillance tools, we are implementing a "TrackSafe" alert system at Bennetts BSB events.

Race fans can now raise concerns by texting "BSB" to 60777, followed by a grid reference of the location and a brief description of any potential or evolving track incursion. Thank you for your support.
