DESCRIPTION

The Se7ens' younger but more powerful Mini Miglia siblings first graced UK circuits in 1969/70, and have consistently been providing bang-for-buck tin-top action for decades, all trying to win The Peter Collins Trophy. Widely regarded by racing aficionados as 'mini Touring Cars', these originally 998cc machines now run with larger capacity 1.3-litre engines, and pack a mean punch.

On the back of the Miglia grids, the M7RC runs its Mini Libre semi-invitational category for other Mini race saloons, with varying interpretations of A-Series tuning.

TECH TALK

DESCRIPTION

For over half a century, the Mini Se7en Challenge for The Bob Fox Trophy has been providing great motor racing at an affordable price. Much may have changed since the first ever 850cc Formula Mini-7 race at Brands in April 1966, but the now 1-litre Mini Se7ens still provide superb entertainment for driver and spectator alike, and can stick to the tarmac like the proverbial go-kart!

Starting behind the Se7ens, the milder-tuned 1275cc S-Class offers a more standard, budget introduction, where hopefuls looking to get on the motor racing ladder can also aim for the Graham Hill Memorial Trophy for the leading Under-17 driver.
