WELCOME

Welcome to Oulton Park for the third Bennetts British Superbike Championship Official Test, presented by R&G.

It has been an incredibly long 577 days since we last had fans trackside at the 2019 season finale at Brands Hatch, and since then the series faced its biggest ever challenge.

For the first time in history we had to run behind closed doors and my absolute admiration and sincere thanks go out to everyone who stoically maintained the championship; the teams, riders sponsors, marshals, medics and all other constituents of the Bennetts BSB community.

It was so disappointing not to have fans at any of the 2020 rounds especially as it was such an amazing on track competition, so I am delighted that we can welcome fans back here for the penultimate Official Test.

We now look forward with great anticipation to the 2021 season our symbolic 25th anniversary season and we are looking forward to having some of the atmosphere back trackside this year, for what is set to be an incredible battle for the title.

I look forward to welcoming some of you to the final Official Test at Donington Park on Tuesday 8 June, before the season opener back here at Oulton Park on June 25/26/27.

Stuart Higgs

Bennetts British Superbike Championship
Series Director

UNBEATABLE PROTECTION

From our iconic Aero Crash Protectors to our all-inclusive Gleam cleaning range, whichever part of your bike you are trying to protect, **R&G have got you covered!**

WELCOME

Hello and welcome back!

It's been a really difficult time for us all and it really is fantastic to see fans back trackside and watching the best sport in the world. 2020 was another incredible Bennetts British Superbike Championship season, but it just wasn't the same without the buzz and noise of the fans on the banking.

This season looks set to be an absolute thriller, and with three races per weekend and even more Title Fighters going into the Showdown, it really is anyone's game this season. Here at R&G, we are very proud to be back supporting the series for another season, and if you visit one of the rounds this year, you will see our all-new Paddock Support Service which is there to help riders in every class.

We also support a number of teams and riders across the paddock, including TAG Honda, Oxford Products Racing Ducati and Team LKQ Euro Car Parts Kawasaki. R&G is also proud to be supporting the very best future talent in the Honda British Talent Cup and the one-make Ducati TriOptions Cup.

We can't wait to see what unfolds in each Championship and we're also excited to see how the many newcomers and rookies perform. After a year off, we're back with our R&G Rookies' Trophy, which is even bigger and better than before, and we'll be rewarding those riders making the step up for 2021.

We hope you all enjoy being back and experiencing the sights, smells and sounds of being trackside!

Simon Hughes
R&G Managing Director

BENNETTS BRITISH SUPERBIKE CHAMPIONSHIP OFFICIAL TEST PRESENTED BY R&G – OULTON PARK 19 MAY 2021

Testing sets the pace for Bennetts BSB season opener at Oulton Park

After a long winter break, the Bennetts British Superbike Championship contenders were back in action for the start of an official testing programme, which kicked off at Silverstone at the end of April.

The first opportunity to see the 2021 line-up in action didn't disappoint as Glenn Irwin and Honda Racing kicked off their 2021 campaign in style by smashing the lap record on the final day of the opening official test, setting the fastest ever Bennetts BSB lap of the National circuit by 0.090s.

“Glenn Irwin and Honda Racing kicked off their 2021 campaign in style by smashing the lap record on the final day”

The top 17 riders were covered by just 0.988s on combined times after two days on track, with four different manufacturers represented in the top four positions ahead of the second test at Snetterton. Glenn Irwin's lap record-breaking time came in the penultimate session of the test, with the Honda Racing rider putting himself firmly at the head of

the times, although McAMS Yamaha rider Tarran Mackenzie was also under the existing record and just 0.016s adrift of his rival.

Silverstone again proved to be a strong circuit for the Buildbase Suzuki team and after setting the pace at lunchtime, Danny Kent's time in that session put him third overall on the combined times as he proved to put his track knowledge to use as he prepares for the 2021 season.

Kyle Ryde showed impressive pace with the new BMW M 1000 RR to post the fourth fastest time for the Rich Energy OMG Racing BMW team, he had topped the timesheets in the final session of the test, despite conditions meaning the pace couldn't match what was set earlier in the day.

Jason O'Halloran had set the pace on the opening day of testing action and the McAMS Yamaha rider ended the test fifth fastest overall, holding off the second Buildbase Suzuki of Gino Rea and the SYNETIQ BMW pairing of Danny Buchan and Andrew Irwin.

Christian Iddon held ninth place on combined times for VisionTrack Ducati, his teammate and reigning champion Josh Brookes suffered a high-speed crash in the final session, which ended his day prematurely. The Australian was able to walk away from the crash but sustained a finger injury, which

required surgery and subsequently sidelined him from the Snetterton test.

Ryan Vickers completed the top ten for the RAF Regular & Reserve Kawasaki team, edging out the debuting FHO Racing BMW team's Xavi Forés by just 0.038s.

Moving to Norfolk for the second test and weather conditions hampered track time, as teams and riders took part in only a single day of track action. However, Christian Iddon set the pace as the VisionTrack Ducati rider waited until the final moments of the second session to post his best lap, which put him 0.166s ahead of rival Tommy Bridewell.

The day started with a busy opening 30-minute session for the teams and riders as Iddon topped the times ahead of FHO Racing BMW's Hickman and Buchan on the SYNETIQ BMW.

As the conditions continued to improve at the Norfolk circuit, the riders headed out for their second 30-minute session of the day with Buchan setting the fastest lap after ten minutes from teammate Andrew Irwin and Hickman.

As the final ten minutes counted down, Kyle Ryde edged to the top with Rich Energy OMG Racing BMW, holding a 0.218s advantage over Andrew Irwin and Buchan with Vickers and Hickman holding the top five positions.

However, Bridewell surged back to the top for the Oxford Products Racing Ducati team, putting him 0.191s ahead of Ryde as Iddon began his final run of the session.

Iddon's best time came with less than a minute remaining on the clock and that put him 0.166s ahead of Bridewell as the two Ducatis locked out the top two positions ahead of the BMW charge which was led by Buchan.

Ryde held fourth position ahead of Hickman, whilst Glenn Irwin narrowly held off his brother for sixth place with Forés posting the eighth fastest time. Vickers was able to remain in the top ten in ninth place as Jackson completed the top ten for FS-3 Kawasaki.

TIMES

OFFICIAL TEST 1 SILVERSTONE

1. **GLENN IRWIN (HONDA RACING) 53.139s**

MADE IN BRITAIN

Modern commercial lubricants have to meet exacting requirements due to a combination of increased power levels and extended drain intervals, coupled with ever more stringent emissions limits.

Fuel - Greater than 3% fuel saving

Reduce Inventory - Top tier product covers multiple OEM's

Reduced Downtime - Up to 150,000km between oil changes

Revenue - Increased profit from reduced expenditure

Enhance your fleet

Everything for machining from the spindle to machine table
