

GRANDSTAND VIEWING GUIDE SNETTERTON

Your guide to the viewing options available. See map for locations.

T TYRRELLS

The Tyrrells stand provides a superb view of the 300 circuit's infield section. Watch the field accelerate out of Palmer, passing the stand as they race towards Agostini and then head back through the high-speed Hamilton kink.

JR JIM RUSSELL STAND

From the Jim Russell Stand you'll see the race start and finish, whilst being positioned at one of the tightest corners on the circuit and one of the best spots for overtaking. The last corner is also the best place to see do-or-die manoeuvres on the final lap!

OS OLIVER SEAR STAND

The Oliver Sear Stand provides a great view of one of the circuit's most popular overtaking spots. Watch the racers head out of the Bentley Straight, with outbraking manoeuvres into Brundrle and Nelson corners.
